REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Groton:

Our schools opened last September with 39 pupils; 26 at South Groton and 13 at North Groton. During this year four have moved from the South School to the North School. February 1, 1937, there were ten boys and eight girls at South Groton and nine boys and eight girls at North Groton. Five of the children are attending school for the first time. There are two in the eighth grade, one in each school. Three elementary pupils are enrolled in the Dorchester schools. One of our pupils is attending Plymouth High School and one Laconia High School.

Mrs. Zelma Watts returned as teacher to South Groton after a summer's study at Plymouth Normal School. Her work is giving genuine satisfaction in both the school and the community. Miss Lauretta Shovan completed a very successful year at North Groton but refused reappointment. In her place, Mrs. Ida Gibbs Sirrine was chosen. She is a teacher of more than ten years of experience in the schools of Massachusetts and Connecticut. She was a graduate of the North Adams (Massachusetts) Normal School and in June, 1936, received a diploma from Plymouth Normal School after a year of study. She is a teacher of maturity and is giving valuable service.

Both schoolhouses presented attractive appearances with the exterior painting done during the summer vacation. Other necessary repairs have also added to convenience and health.

Our schools are going on well this year, although attendance is much broken by measles and other children's diseases.

For the school year, ending June 30, 1936, our total enrollment was 35. The average membership was 27, the per cent of attendance 96. Thirty-five pupils were promoted. Three in the first and second grades failed of promotion. Five elementary pupils were educated outside the district in Dorchester and Rumney. There were five of our pupils attending high schools, one of whom, Miss Mable Brown, was graduated from Plymouth High School last June with a record of high scholarship. Progress during the school year was satisfactory. The children were much interested in their work. The teachers maintained worthwhile activities. The parents were cooperative. Two girls, Gertrude and Elda White, were graduated from our eighth grade at North Groton. The graduating exercises were fittingly held in the Town Hall. Both schools took part in the

program which was presented under the leadership of the pupils. Many parents and citizens were present.

The work of the school nurse is again to be commended. She has made her usual visits of inspection and health supervision. She has secured cooperation by visits to the homes. She has responded readily to calls and is incessantly working for the welfare of the pupils.

The policy of the school board has provided satisfactory equipment. We have been able to furnish needed supplies. Our text books are being brought up-to-date each year. We established a system for keeping the records of the pupils. The citizens have been wisely liberal in appropriating money for the schools.

Members of the school board have shown an unflinching interest and have given conscientious service. In presenting my fourth annual report, I wish to thank parents and citizens for their kindness and cooperation. I am especially grateful to the school board.

Respectfully submitted,

GUY E. SPEARE,

Superintendent of Schools.
